

the wind in the willows

The wind in the willows,
As I sleep on my pillow
Looking out of the window
I see a dark shadow!

The wind in the willows,
I hear some loud giggles,
A whisper of riddles,
What could it be?

The wind in the willows
I see little girls playing,
Humming and swaying
In the background a dark blue sea.

The wind in the willows
A dark bloody tissue
Woke up from ...
A really long sleep.

The wind in the willows
I sit and I fiddle
Thinking where the hell
Could I be?
